

As a longtime listener and supporter of K-Love Radio I am writing to you in response to the recent possibility of displacing them as a station. I listen to K-Love on a FM translator and would be lost without the ability to do so. It is a positive and uplifting station and allows people to be positive in negative times. Many people in my community also listen to this station and would be at odds without it only with the ability to listen to programs that hold no interest to us what so ever. I am sad to say that I just wouldn't do radio at all!! K-LOVE is an extremely well run station providing people with the ability to stay focused on things that are important and not be run down by the negative times in which we live today. It is a family friendly station that allows all ages to participate in its broadcast. Thank you for taking the time to listen to this. Sincerely Ruth E Whitaker
